ABOUT US

- Al -Sharqiya Company was established in 1986 in Al Ain, United Arab Emirates, specializing in the manufacturing of gypsum and GRC products. The company later expanded its operations to Abu Dhabi and Ajman, offering a wide collection of more than 2,500 unique mold designs. Following this success, Al Sharqiya entered the paints sector as both distributor and applicator for leading brands , under the name Art Colors, providing high-quality paint and flooring solutions

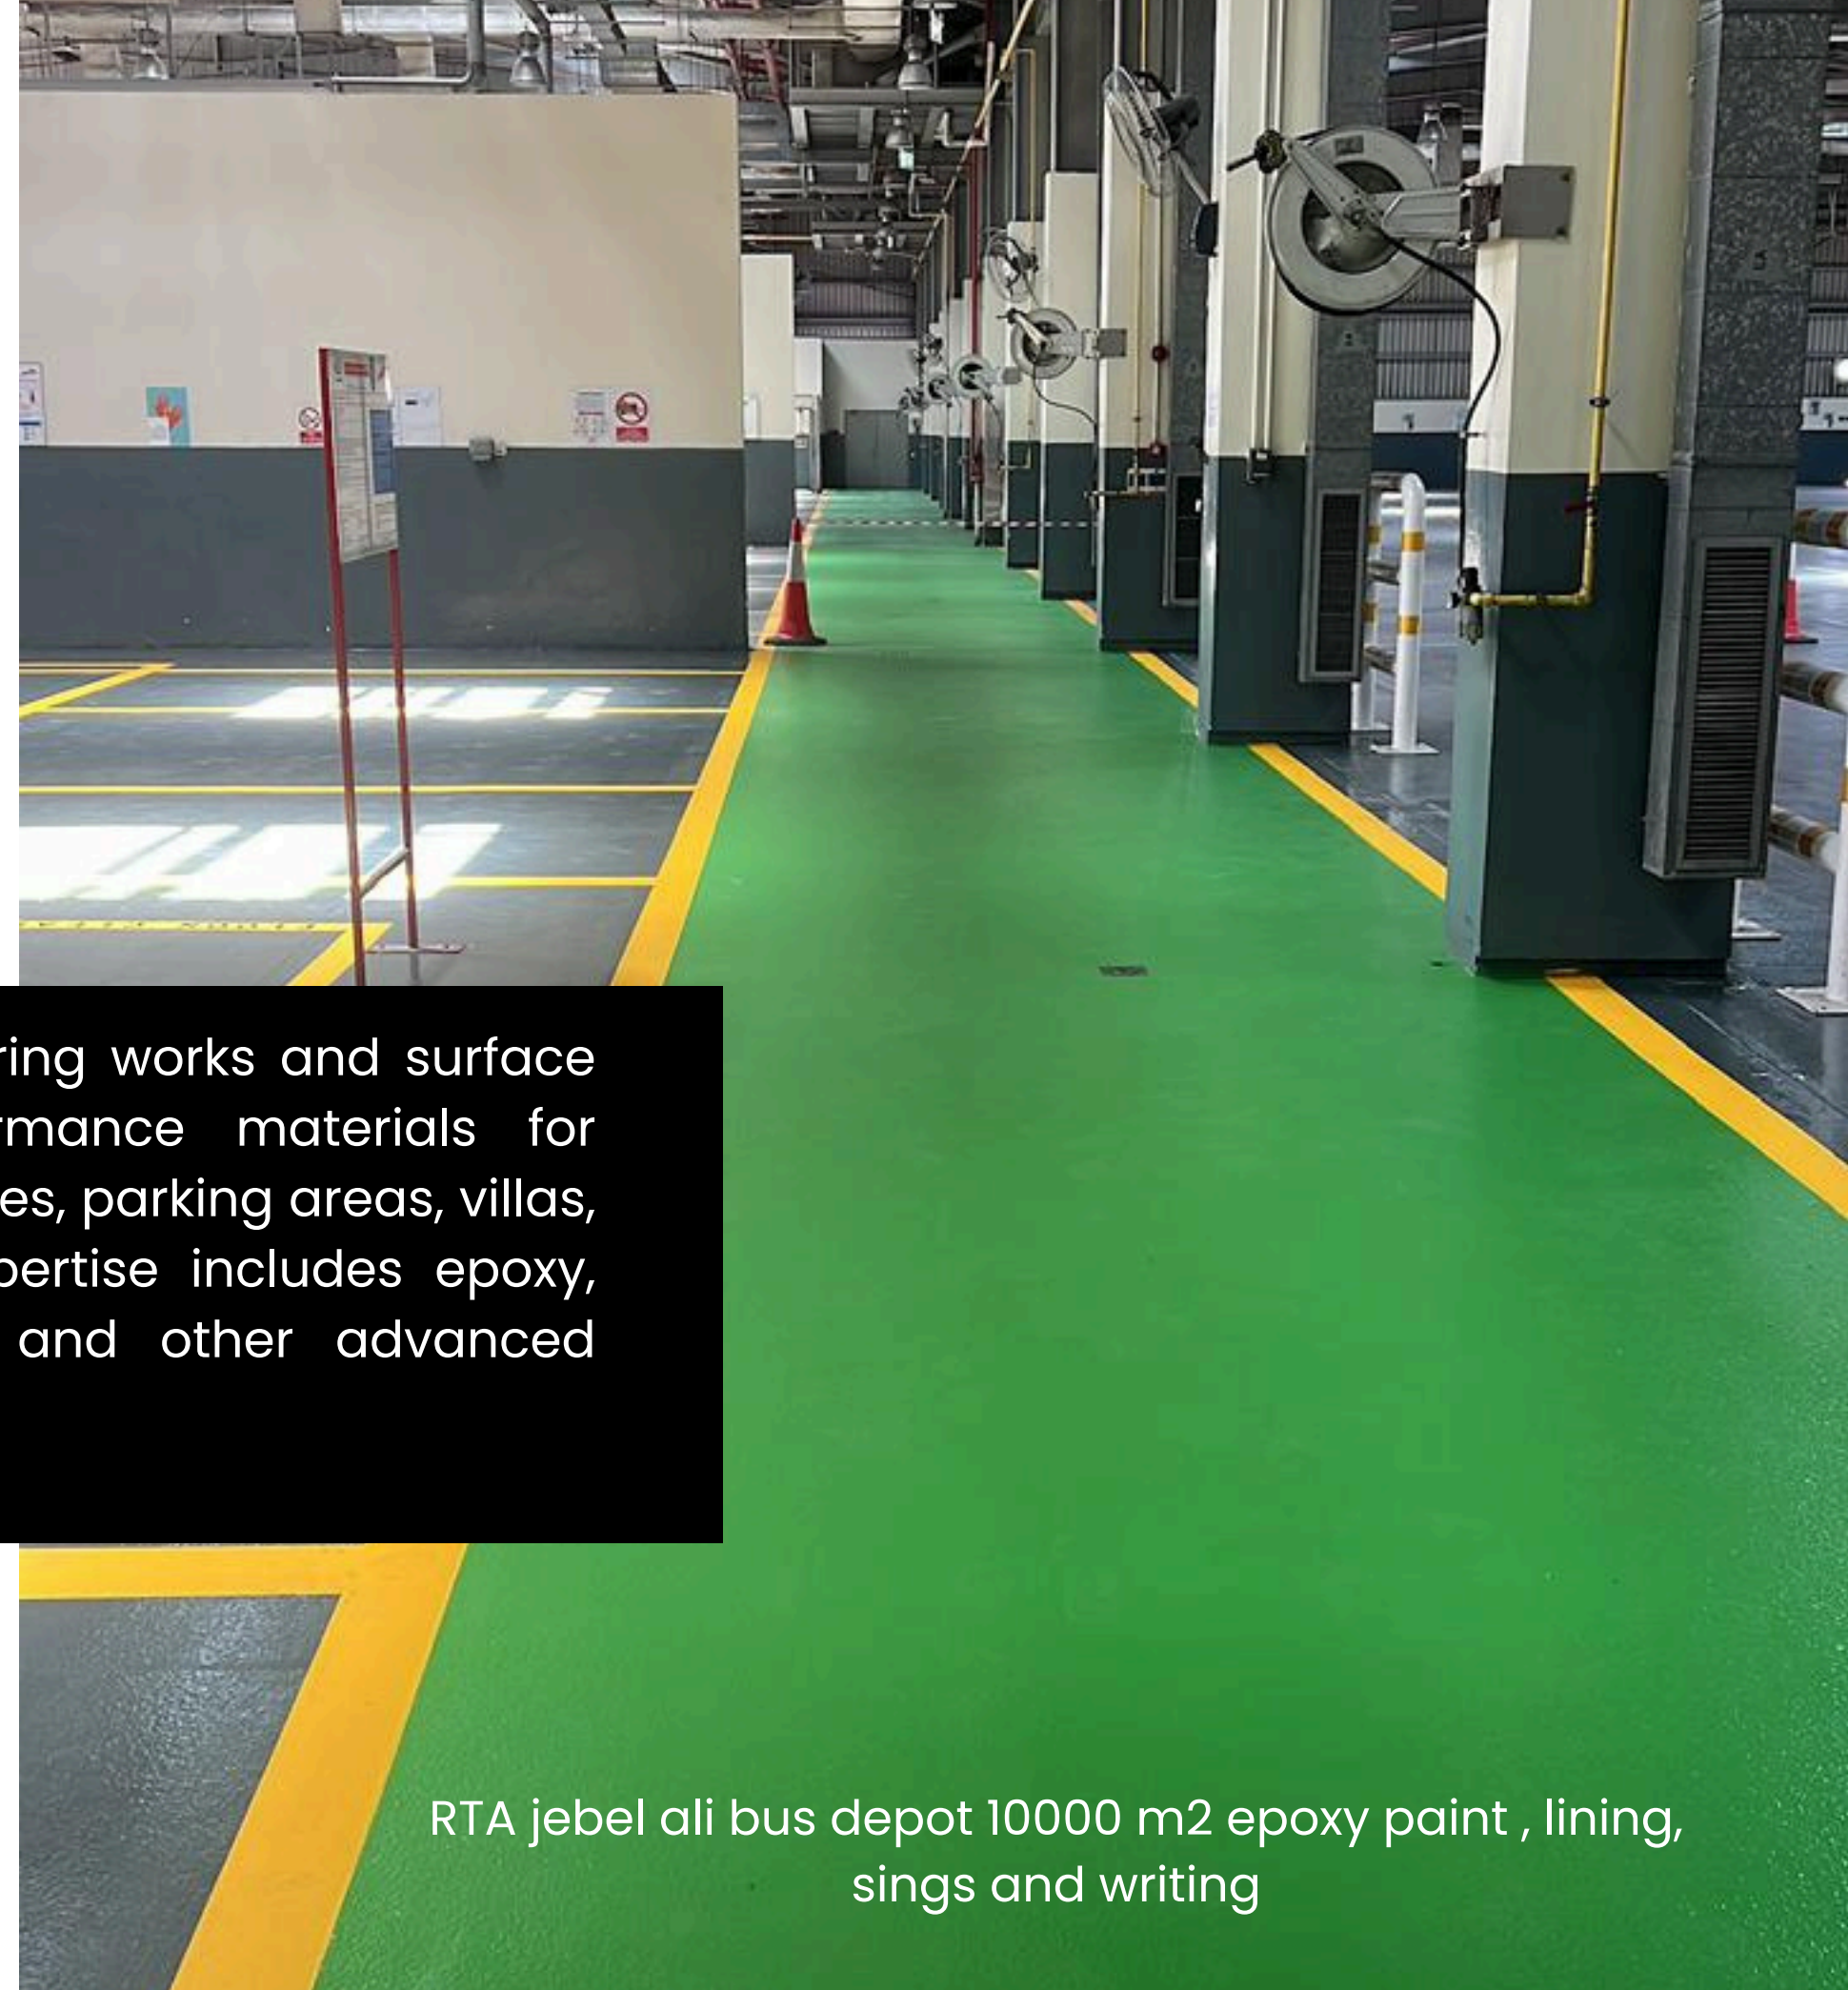

Gypsum

Gypsum : We have been supplying gypsum and GRC works since 1986, completing numerous government and private projects over the years. As one of the oldest GRG suppliers in the United Arab Emirates, we offer a wide range of designs, including Moroccan, Islamic, modern, classical, and many other styles.

FLOORING

Flooring : We specialize in flooring works and surface treatments using high-performance materials for warehouses, factories, companies, parking areas, villas, and decorative floors. Our expertise includes epoxy, polyurethane, micro cement, and other advanced flooring systems
